NUMBER 28

Beet Harvest Passes Halfway Mark

With the good weather that has prevailed during the past three weeks beet harvest has been really pushed from dawn to dark, and about 65 p.c. of the beets are up at this writing. Reports from growers are that in most cases their tonnage is very good and ahead of last year. One spring and erratic summer is a very 63 acres, which considerably the dry no ear red suet of suet red suet good yield.

We have nothing official from company officials, but judging from reports it would appear that the total tonnage will exceed the early fall estimate, and if so a new record of production will be made this year. Beet trains are rolling daily and the storage piles at each of the factories all at the storage centres grow by leaps and bounds.

Both factories are having good runs and while help is still short, good tonnage are sliced each day more so at Picture Butte than here, and the sugar content is keeping up pretty well for the kind of weather we are having.

Buy War Savings Stamps regularly.

BABY FOUND DEAD IN BED

Tragedy struck in the Dave Powell family Thursday morning when Janet, nine months old daughter of Mr. and Mrs. Lloyd Knight (Mrs. Knight being Mrs. and Mrs. Powell's daughter), was found dead in her bed.

She was sleeping alright when her mother was up at 2 a.m. to look after her, and when she did not awaken at her usual time her mother went to see why and the little child was lying in bed dead. The doctor was called and made an examination and thought she may have died from coning in the same room did not hear visions, although her mother, sleeping sound from her baby. We extend our deepest sympathy to the sorrowing parents and grandparents.

REPORT OF GRADE XII STUDENTS

The following report is submitted by the School Board covering the Grade XII students who wrote their examinations this year. Out of 136 units written in July tests 16.9 per cent won honors standing, (80 p.c. or over). This is an exceptional record and is also a tribute to the ability and hard work done by this grade. The class pass in all subjects was better than 87 p.c. The majority of this class have gone to Normal School and University as follows.

Miss Margaret Wing, University of Utah; Miss Kathleen Holmes, Mount Royal College, Calgary; Abraham Kabayama University of Manitoba, Winnipeg; Miss Dorene Snow, Douglas Allen and Tom Wilbeck, University of Alberta, Edmonton; Miss Barbara Turner entering for three trading in Vancouver; and Misses Josephine, Bernice and Norma Litchfield, Floyd Larson and William Nader to Normal School in Calgary.

At the present time the teachers in the Public School are carrying an average student load of 35 and in the High School better than 37. Those who do not realize what this means should compare our schools with others, in Magrath for instance the teaching load last year was only 17, in the High School. Our local teachers are not objecting, and are doing a fine job, but it simply means that individual help or personal attention in such large classes is out of the question and more effort will have to be put forth by each student to maintain the present high standard.

FIRST WARD RELIEF SOCIETY OPENING

The First Ward Relief Society had their opening on Thursday Oct. 19 in the form of a Harvest Social.

Beautiful bouquets of autumn flowers and leaves added to the charm of the Relief Society room.

The President, Mrs. Lee Brewerton, presided and in her charming friendly manner made all the ladies feel the sincere welcome she extended to them.

She gave a brief outline of the years work and then said "to each individual on the earth is given a talent and in her mind the talent that could do the most good was that of teaching. Each of the teachers presenting the course of study at the ward had that talent, and gave wonderful lessons which would enlighten the lives of all Relief Society members."

She introduced the teachers who outlined their courses of study.

Theology; Church History; Mrs. C. R. Wing.

Visiting Teachers: Mrs. M. S. Rogers of Strathguth; The Beauties, Mrs. Reg. Cooper.

Literature: Literature of the Bible Mrs. Paul Reed.

Social Science: Modern Aspects of Ethical Principles, Mrs. Mary H. H. H.

Mrs. T. Geo. Wood, the new second councillor, then took charge of the

Grand Concert Pleases Everyone

The Concert presented Sunday afternoon by the Chernivsky Brothers, Jan and Mitchell, on Piano and Cello was positively the finest musical entertainment ever presented on a stage in Raymond. Their presentation of their ability was not overdrawn in the least and it was a real treat to listen and a feast for lovers of music.

Our musical knowledge is not sufficient to do justice to the quality of the good music. The presentation in the solo numbers on the piano Jan displayed a mastery of the keys and depth of feeling that permeated his entire audience, and his volume on the bass chorale made it sound like a ball instead of a single piano. On the cello, Mitchell was a sort never seen except in the hands of the masters and the depth of tone of the instrument and the two at first work of the one number were

Myra Dahl sang "I'll Walk Alone." Mrs. Ross Mendelhall played a piano solo.

A delicious lunch was served.

YOUR CO-OPERATION IS ASKED

The Cemetery Committee is making a concerted effort to have every grave in the cemetery properly marked before November 1st. Your co-operation is asked in this effort. A decided improvement has recently been made in the appearance of the Cemetery, and now if everyone would get their loved ones graves clearly and properly marked it would be a great asset and convenience.

To aid in this effort, the Grade X and Class of Mr. Sommerfeld, have made a number of posters on this subject and if you will read these as you go up and down the street

something that everyone present will long remember.

Carrying their own Heintzman Grand piano, they were perfectly at home and the response of the 600 or more people present added its inspiration and assistance to the musicians. After the completion of the regular program, the applause was so sustained that they played two more encores, and even their listeners were loathe to let them quit. It was a rare opportunity for lovers of music and students of music to get a real lift.

The Rotary Club, sponsors of the Concert were very gratified at the response and take this opportunity of thanking everyone for their support and patronage, and most of all for the fine appreciation shown for the work of these musicians. Everyone hopes they may someday come again.

Victory Loan Rally Sunday Night

ADOLPH OLSON INJURED

What might have been a very serious injury to Adolph Olson, turned out to be bruises and deep scratches when he got caught in the conveyor of the pier at the beet sheds on Wednesday afternoon about 6:20 p.m.

He was on the pile of beets rolling the roller on the end of the pier conveyor. A load of beets pulled onto the rollers and when the pier was started, Adolph was dragged under the conveyor and over the pile of beets. The machine was stopped at once, and it just happened that Dr. Leech had driven down to the beet sheds with Frank Crummer and as soon as the injured man was removed to the Engineering room in the mill he was attended to and the ambulance took him to Hospital.

Latest reports are that no bones were broken and that as soon as the bumps and bruises heal he will be back to work again.

Speakers at Rotary on Monday last were Wally Dumbrie, home on sick leave after service on the active front in Italy and Sicily, who gave some interesting experiences, and J. H. Blinn, head driller on the oil well crew just east of town who answered a number of questions regarding the progress at the well and the probable depth of the oil bearing sands if lucky enough to strike them. He said that geologists plotted this area as a very likely oil bearing section of the country. The talks were greatly enjoyed.

you may get the necessary inspiration to get the graves you are directly interested in properly marked.

Loan Campaign Starts Monday

On Monday, October 23, thousands of salesmen all over the province will start a campaign in the interest of the 7th Victory Loan.

With Alberta's quota set at \$43,000,000, which is 6,000,000 more than the objective set for the last Loan, unit chairmen all over Alberta are a period of three weeks will be required that unremitting work over guided if the province is to attain its objective.

In this particular district, which has done exceedingly well in all previous loans, the objective is \$184,000.

To reach this figure the help and cooperation of everyone in the district will be required.

No one knows any better than soldiers, sailors and airmen returning from service overseas, of the value of first class equipment in the fighting fight against the Nazis and their Axis allies. This equipment is bought with the money subscribed by Canadians to the respective Victory Loans and the forthcoming 7th Victory Loan will be no exception.

In this district, residents are invited to march side by side with their fellow Albertans from the United States border in the south to the Peace River country in the north in one grand effort to reach Alberta's \$43,000,000 objective.

The slogan of the 7th Victory Loan is "Invest in Victory," so let us show our friends to the north and the south that when the final figures are counted on the last day of the campaign an objective pennant will be flying from our highest building as daily proof that we did not fail when called upon to do our bit at the home front.

The Victory Loan Rally, starting off the 7th Victory Loan, will be held in the Capitol Theatre on Sunday evening, October 22nd, at 8 p.m. The program will consist of musical number, motion pictures, and a talk by a soldier recently returned from the battle fronts of Normandy.

Every person is asked to attend and get the spirit of this Loan so that it will go over big. Despite an increase of \$44,000 in our allotment, which for this Loan is \$184,000, every one should make up their minds to get it over. Victory is still a hard, bloody path, and our men and women in the service are depending on us to supply the Tools of war so that they may complete the task so nobly begun.

Incorporated in the same program will be a welcome home for Wally Dumbrie, Earl Giesp and Lynn Dore Olson who returned just Wednesday night after a long service overseas. Remember the time, date and place and be out hand to boost the Victory Loan Drive and to welcome home our service men.

"POP" HIGGINS VERY ILL

Word has been received here by the Lund family, neighbors and long time friends of the Higgins family, that Bert "Pop" Higgins is dying of cancer in the hospital at Wenatchee, Wash. Mr. and Mrs. Higgins only moved there a few months ago. Our best wishes are extended to Pop and Mrs. Higgins. Reports state that he was taken very suddenly and the cancer found to be very far advanced.

W. I. MEETING

The Raymond W. I. met at the home of Mrs. Clara Rolison on Oct. 12 at 2:30 p.m.

Roll call showed 20 members present and they answered by giving a "Thanksgiving thought". Flag salute was led by Mrs. Anna Woolley and the Creed was led by Mrs. A.W. Kirkham and report of Hospital Darce.

Each person made a personal donation toward Xmas cheer for bombed out children. Also each member present decided to furnish wool articles to be turned in toward buying a winn ket from Magrath to be raffled later on.

A donation of \$20.00 was given toward Xmas parcels for our soldier boys and girls.

Two dirty bags were filled for Sailor Boys.

The book review 'Nobody in Town' by Edna Ferber given by Ada Orgili was greatly enjoyed.

Lunch was served by Mrs. Rolison and Mrs. Turner. A very enjoyable afternoon was spent by all.

JOE CITIZEN SAYS—

Invest in Victory, they say, with me, for one, that's quite O.K. When I've a dollar to invest I choose this buy that seems the best, and these bonds at the moment are the best thing offered by far. At least that's how it seems to me—I hope you fellows all agree! With all its blood and sweat and tears the war has lasted five long years, so anything we're asked to do to see the Victory clear through, with good sound lasting peace assured, should be right cheerfully endured. Invest in Victory! I will! The other things I want can wait—I'll find a way to foot the bill! I haven't missed them much to date. Invest in Victory! You bet. The best investment offered yet!

This is the showdown!

JERRY'S LUCK IS ALMOST OUT! But it's taken us five years of grim fighting to hold the winning hand!

It looks like the last round... so let's put everything we've got into wresting a quick and overwhelming Victory from the Hun.

Stake every dollar you possibly can in VICTORY BONDS!

This time—buy one more than before!

HOUSING AND FEEDING FOR WINTER EGG PRODUCTION

Have you been lulled into a false sense of security, believing that the winter we are having in Southern Alberta is going to last until Christmas? Have you kept telling yourself every day that there is plenty of time to get the pullets into their winter quarters? If so, you have been kidding yourself, they should be housed at once.

Before the pullets are put in their winter quarters the house should be thoroughly cleaned and if possible, white-washed. Care should be taken to see that the house is in a good

state of repair, broken windows repaired, cotton screens cleaned and, if necessary, renewed.

Once the pullets have been housed it is well to keep them confined at least until spring as this assures a more uniform production as well as giving greater control over egg quality. The winter production is not increased by a few single sales as followed.

SOME OF THE DON'TS:

Do not overcrowd the winter houses. Allow four square feet for birds of the heavy breed and three square feet for birds of the lighter breeds.

Do not attempt to winter any pair individuals. When housing, cull and cull some more. House only mature, well developed birds that show promise of giving a return for their food and care.

NAME OF THE DO'S:

Provide plenty of roosting space. Nine or ten inches for each bird. If the roosts are not too high little if any trouble should be experienced in getting the birds to go up on them at night. Provide plenty of hopper space. Five feet of hopper space should be provided for every twenty-five birds. These hoppers should be

kept well filled with a good laying feed.

Feed carefully and regularly. While grain (wheat, oats and barley) should make up about one-half of the total feed consumption. A small portion of the grain, a good feed at night, but not so much that there will be left in the litter or troughs. Green and succulent feeds such as well cured alfalfa, mangels, beets, cabbages etc. should be fed each morning in such quantities as will be consumed by about an hour. Green and succulent feeds should be provided in the hoppers should also be available to the birds.

Provide good clean water for the birds making sure that it is always available to them throughout the day.

J. D. Hall is papering and stripping his building on Broadway apparently getting ready for a coat of stucco.

Elders Helen H. Dahl and Ellis S. Hieninger the former of the Ward Bishopric and the latter of the Stake High Council were speakers at the 2nd Ward meeting Sunday evening and gave very interesting and instructive reports of the recent conference at Salt Lake City.

CANADA'S NEW MINISTRIES

Ottawa.—Here are the new government departments announced Friday night and those who will head them:

Reconstruction—Hon. C. D. Howe, who also continues his present duties as minister of mines, lives in Ottawa and represents the Lakehead riding of Port Arthur in the commons.

Veterans Affairs—Hon. Ian MacKenzie, new department includes part of his present department of pensions and national health; lives in Ottawa and represents Vancouver Centre. Formerly was defense minister and before that minister of immigration.

National Health and Welfare—Hon. Brooke Claxton, new Prime Minister; Mackenzie King's parliamentary assistant; lives in Montreal and represents Montreal riding of St. Lawrence St. George.—Leth. Herald.

Ray Beaverton left for his home in San Francisco after a brief visit here with his father, brothers and other relatives.

There's MORE to do

On the fighting front our men are still "slugging it out". Each advance . . . each new sector . . . each mile that the battle front is extended . . . is hard going. Much fighting lies ahead.

There's more to be done on the home front, too. More money is needed to enable our country to carry her share of the war's cost.

Our duty is clear . . . we, at home, must provide the money. Canada must get this money from Canadians.

for EVERYBODY

Fortunately, most of us have good incomes. We can do our share.

But it is the extra effort that wins battles and we must be prepared to make extra effort on the home front. Canada's borrowing needs have been increased by some three hundred and twenty million dollars. That's extra effort that we, at home, must make. We must provide the money that is needed . . . more money than ever before.

We must keep faith with our fighting men. We must continue to work and save . . . and lend. We must all lend more.

CORRESPONDENCE

Raymond, Alberta,
October 18th.Raymond Recorder,
Raymond.

Dear Sir:

I would like to lodge a protest a-
gainst the manner in which the local
post office is being operated. Last
night about 8:30 I came in to get my

mail and the office was locked.

This is not the first time this has
happened and I haven't been in the
district long. As a matter of fact I
am a beet hauler getting my mail
through my brother-in-law residing
here and have not been here more
than 6 weeks.I realize that in many instances
through shortage of help we have to
put up with some hardships and this
I am willing to do. But I fail to see
why the post master runs the post

office in such a slipshod manner and

the people of Raymond so I have
happened and I haven't been in the
district long. As a matter of fact I
am a beet hauler getting my mail
through my brother-in-law residing
here and have not been here more
than 6 weeks.I realize that in many instances
through shortage of help we have to
put up with some hardships and this
I am willing to do. But I fail to see
why the post master runs the post

will verify this) the post office re-

mains open until he goes by.
Sometimes the office is open until
almost midnight and you can bet the
P. M. hasn't gone home yet. But
what I think should be done and be-
lieve it or not it is going to be done.
There should be fixed hours so ev-
erybody would know.The part I can't understand is
what your Mayor and Council is do-
ing. What about your Board of Trade
Your Service Clubs. Is it because they
are frightened or are they the type
who have no regard for the welfare
of others who come into this com-
munity. Are they going to do any-
thing about it?I like the man in charge of the
post office and his staff whom I be-
lieve are trying to serve the public
but the man drawing a salary which
has been going on as I understand it
for decades and do nothing except
lock doors when he goes home. I am
going to get action unless something
is done.In any event I believe the author-
ities at Ottawa should be made ac-

SOCIAL SECURITY MEASURES

In planning Canada's re-establishment program, its framers
worked with one principal idea in mind. This was that the
only answer to the problem of permanent re-establishment
is a job, and that the surest way to get and hold that job
is by the skill necessary for it.

VOCATIONAL TRAINING

Every ex-service man or woman who will be assisted in re-establishment by
training is eligible to have it. There is provision for paying fees for all courses
and, in addition, the ex-service man or woman may receive maintenance
grants up to:

\$60 monthly if single;

\$80 monthly for a man and his wife, together with children's allowances.

This training is available for the period of service to a maximum of one
year, but can be extended beyond that period, if necessary, and if service
is more than one year.

EDUCATIONAL TRAINING

This is available to all who are admitted to university within 15 months
of discharge and, as in vocational training, fees are paid and there are main-
tenance allowances up to:

\$60 monthly for a single man;

\$80 monthly for a man and his wife, together with allowances for
dependent children.These allowances will be continued on a month for month basis of the time
in the services, providing all examinations are passed. Outstanding students
may have assistance continued to completion of the course.

SOCIAL SECURITY MEASURES

Under the re-establishment program Canada's veterans who, within 18
months of discharge from the services, become ill or unemployed may draw
maintenance allowances up to \$50 if single and \$70 for a man and his wife,
together with children's allowances. The out-of-work benefits are for those
fit and able to work, but for whom there is no work immediately available.
In the case of serious illness there is free treatment and hospitalization for
any condition in the year following discharge.As a further security measure, every veteran who enters insurable employ-
ment is entitled, after 15 weeks in that employment, to unemployment
insurance credit as though the whole period in the services since July 1, 1941,
had been spent in the insurable employment.VETERANS' WELFARE OFFICERS ARE STA-
TIONED IN KEY CENTRES THROUGHOUT
CANADA. THEY ADVISE AND ASSIST EX-
SERVICE PERSONNEL, AND SHOULD BE
CONSULTED ON ALL PROBLEMS.

Issued under the authority of Hon. Ian A. MacKenzie, Minister of

PENSIONS AND NATIONAL HEALTH
